Customise Ring Tones

Introduction

Panasonic proprietary telephones are able to have a different ring tone for each CO, ICD Group, PDN, SDN or INTERCOM key. The following procedure details options for changing these settings.

Procedure

Note: KX-DT3XX Series, KX-NT3XX Series and KX-T76XX Series have tone types 01-30 available (01-20 = tone, 21-30 = melody). KX-NT321/KX-T7667 only have tone types 01-09 available.
